

TECHNICAL COMMITTEES' MEETINGS

March 2019

Thursday 7	:	Automated Production Systems
Wednesday 13	:	Maintenance in operational condition
Tuesday 26	:	Safety Instrumented Systems
Wednesday 27	:	Cybersecurity of Industrial Systems
Thursday 28	:	Flowmetering-Levelmetering

April 2019

Tuesday 2	:	Measurement Systems and Quality
Wednesday 3	:	Control system, Simulation and Programmation
Monday 8	:	Environment-Air
Tuesday 9	:	
till Thursday 11	:	Industrial Transmitters and Networks
Thursday 25	:	Industrial Analyzers – Detection for Safety
Friday 26	:	Remote sensing and Thermography

The members of EI, Namur or WIB wishing to attend one of the meetings are welcome to contact us:
Tel.: +33 1 53 32 80 08 – E-mail: exera@exera.com

UPCOMING EVENTS

- **Technical Day « Flowmetering-Levelmetering »**
Wednesday, June 5, 2019, at Paris 12^e
(Program under completion)
- **Emerson « Manufacturer » Day**
Thursday, June 13, 2019, at Cernay (68)
(Programme en cours d'élaboration)
- **Technical Day « Cybersecurity of industrial systems »**
Thursday, September 26, 2019, at Paris 12^e
(Programme en cours d'élaboration)
- **Visiting of Lorraine site of INRS**
Tuesday, October 8, 2019, at Vandœuvre-lès-Nancy (54)
(Programme en cours d'élaboration)

REPORTS RECENTLY UPLOADED

From Exera

R6095X18R

Field Review of MID Electrolier (Obsolescence of electronic systems)

M6096X18R

Training support on Design, tuning and performance evaluation of Industrial Control Loops

M6098X18R

Functional evaluation of software for Acquisition and measurement processing

M6099X18R

Electric Drive Technology, application and design

E6100X18R

Evaluation of the micro-sensors of the Greenbee station for the measurement of the quality of ambient air (Azimut Monitoring)

E6101X18R

Evaluation of the micro-sensors of the Cairsens station for the measurement of the quality of ambient air (Cairpol)

E6102X18R

Evaluation of the micro-sensors of the EcomSmart station for the measurement of the quality of ambient air (Ecomsure)

E6103X18R

Evaluation of the micro-sensors of the AQMesh station for the measurement of the quality of ambient air (Instruments)

E6104X18R

Evaluation of the micro-sensors of the Watch Tower 1 station for the measurement of the quality of ambient air (Rubix S&I)

M6105X18R

Results of the pool from Exera members to the 2018 survey « Cybersecurity of Industrial Systems »

M6106X19R

Maintenance in operational Condition of electronic industrial equipment cartography of service providers Edition 2018

E6107X19R

Evaluation of Micropilot FMR62 levelmeter

E6108X19E

Evaluation of OPTIWAVE 7500 C levelmeter

E6109X19E

Evaluation of VEGAPLUS 64 levelmeter

Reports are available online to registered members on the website www.exera.com

LIFE OF THE ASSOCIATION

- Board Meeting on March 14, 2019
- Board Meeting and Annual General Meeting of Exera members on June 26, 2019, at Total offices, Tour Michelet, Paris La Défense.
- Program Commission 2020 on November 13, 2019, at LNE, in Paris.
- Board Meeting on December 12, 2019

ON-GOING OPERATIONS

- | | |
|------------|---|
| Sept. 2017 | Evaluation of seventeen absolute pressure transmitters on two pressure ranges [0-1 BarA] and [0-100 BarA] |
| Sept. 2018 | Evaluation of three flowmeters "low liquid flowrates" |
